

# Privacy Policy for Mosuka's Google Drive Autosave

This Privacy Policy describes how the automatic backup app to Google Drive (hereinafter referred to as the "App") collects, uses, stores, and shares your information. By using this app, you agree to the terms outlined in this policy.

## 1. Information Collected

The App may collect the following information:

- **Google Account Data:** To enable the backup of your projects to Google Drive, the App requires access to your Google account. The App requests permission to authenticate your account and store projects on Google Drive.
- **Project Data:** The App automatically saves your projects to the cloud but does not independently collect or store personal or confidential content. Only project data is synchronized.
- **Usage Data:** The App may collect information about usage time, backup frequency, and user interactions with the backup system.

## 2. Use of Information

The information collected is used for the following purposes:

- **Project Backup:** Automatically save your projects to Google Drive whenever the "Ctrl+S" command is pressed or after a specified time interval.
- **Authentication and Authorization:** Use your Google account to authenticate the user and enable interaction with Google Drive.
- **Service Improvement:** Analyze usage data to enhance the functionality of the App and fix potential bugs.

## 3. Sharing Information

The App does not share, sell, or rent your personal information to third parties. However, project data may be stored and accessed on Google Drive, according to Google's terms of service and privacy policy.

## 4. Information Security

The App uses standard security measures to protect your information, including encryption during data transmission to Google Drive. However, the security of your information also depends on Google's security practices and the user's own practices.

## **5. Access and Control**

You can revoke the App's access to your Google account at any time through your Google account's security settings. Additionally, you can disable the automatic backup feature at any time within the App.

## **6. Data Retention**

Projects will be stored on Google Drive according to your settings and will be kept as long as you do not delete them or revoke access to the App. The App does not keep independent copies of your projects.

## **7. Changes to This Privacy Policy**

The App may update this Privacy Policy periodically. When this occurs, changes will be notified through notifications within the App or via a notice on our website. We recommend reviewing this policy periodically.

## **8. Contact**

If you have any questions about this Privacy Policy or how your information is handled, please contact me through e-mail: [lucasligosmail@gmail.com](mailto:lucasligosmail@gmail.com)
